

Single Feasible Source Purchase

Title: Sequoia Voting Systems

Description: **The Secretary of State's Office has the statutory authority to qualify voting systems for use by counties throughout the State of Missouri. Part of the qualification process requires the Secretary of State's Office to purchase voting machines and associated equipment that they have qualified for use in the state. One of the qualified systems is Sequoia Voting Systems which is solely distributed by Elkins-Swyers Company in the State of Missouri. This meets the statutory criteria for a single feasible source since the required equipment is proprietary and only available from Elkins-Swyers Company. As a result, the State is pursuing this acquisition under a Single Feasible Source pursuant to RSMo 34.044.**

Agency: Secretary of State's Office

Supplier: Elkins-Swyers Company

Buyer: Gary Eggen
